While THE NEWS is disinterestedly opposed to Roosevelt and all that he stands for politically, we are frank to say that we do not believe him to be the correction that many seem to think. If we may be allowed to say a religious, he's got 'lead' and good common sense and in the latter day keeps his eyes open. He realized in advance of the election what was coming and here to the inevitable and takes his share. Roosevelt is a man of rugged honesty, with the courage of his convictions... believe political expediency and the country may depend upon bearing from him, of the proper time. Democracy has today seen of the elect, under the country has postponed in peace, yet we are sorry that Roosevelt, with his own hands heavily and official fighting qualities, was not with a democracy.

Homes

A happy home is the brightest spot on earth. This the eyes of glad looks discern. Love and peace in his lovely circle center around the man, wherever he goes. Gladness and love the stars in his glory everywhere. There are few words of life which a man cannot say and then think of, but who can obtain himself free from the shadow in the cloud, from the worry of the household, a bludge on the heart. A day will tell how many a man carried that with him without thinking down to the grave. When husband and wife are partners in each other in the best sense, when order and love and goodness prevail in the house, then the man who has a hard battle in life to fight can learn his struggle behind his wife he enters there. When all our faults are the most loving of people and that is the reason why we are the greatest of people. We never learn how life is a selfish thing, a selfish thing, but life is a national virtue, and the greatest virtue that one touch these blessings is that would temper with the peace and blissfulness of our homes.

The old, old story, told times without number, and repeated over and over again for the last 30 years, but it is always a welcome story to those in search of health.—There is nothing in the world that cures coughs and colds so quickly as Chamberlain's Cough Remedy.

We teach children grammar that they may know how to speak correctly; arithmetic that they may know how to calculate correctly; but more important than either is a knowledge of the laws of life and health, that they may know how to avoid disease and stay in good health. This knowledge does not come by instinct more than a knowledge of grammar does.
 Many school children suffer from constipation, which is often the cause of ailing susceptibility of illness. Chamberlain's Stomach and Bowel Tablets are an ideal medicine to give a child, for they are mild and gentle in their effect, and will cure even chronic constipation. Sold by all dealers.

Hypnotism is a child subject to every in a sane individual of the approach of the disease. If Chamberlain's Cough Remedy is given at once or even after the coughing has appeared, it will prevent the attack. Cautious so please. Sold by all dealers.

The vigorous growth and progress of the country is retarded by the records of population and harvest, and the general condition of international peace are things for which there is no opportunity for the year 1910, according to the annual Thanksgiving proclamation issued by President Taft.—Chippley News.

When a cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also relieve the system in a natural and healthy condition. Sold by all dealers.

The election returns show that the house of representatives in the next congress will have Democratic, 221; Republicans, 124; and 17 vacancies. (Giving the Democrats a majority of 97. Cases have also been made in the senate, John W. Kern will probably take the place of Senator Beveridge of Indiana.—E.
