 The following were
 taken over as members:
 The officers of the church think
 report - that they have enjoyed the
 regular ministrations of the pastor
 in their of the time during the past
 12 months. The annual attendance has
 not been so that could be desired,
 but probably as good as ever was.
 There have been baptisms under all the cir-
 cumstances.

 than usual interest in having their
 pulpit supplied, & have contributed more
 liberally than for several years past to
 the support of the ministry.

Although the scriptural plan of taking
 up a collection every Sabbath day has
 not been formally adopted, yet contribu-
 tions are made to all the objects designa-
 ted by the Gen^l Assembly; & hence a col-
 lection is taken for some purpose, & is
 almost every Sabbath that public wor-
 ship is held. Owing to the destruc-
 tion of the crops by the last summer's
 flood, the contributions are necessarily
 small.

In consequence of the scattered condition
 of the congregation, & other unfavorable
 circumstances, it has not been deemed prac-
 ticable to have either a Sab. School or
 weekly prayer meeting, or to observe the
 monthly concert of prayer for Missions.

No special religious interest has been
 manifested the past year; nevertheless,
 at our last communion, held on the 1st

85
 Sab. of April, four adult members
 were added to the church on profession
 of their faith in Christ, & were baptized.
 While, therefore, there are many things
 to discourage, we have reason to be hope-
 ful that a better day is about to dawn upon
 us; & that these mercy drops, vouchsafed
 are the precursors of a copious & shower
 of blessings yet in store for us.

manifested is encouraging. Past summer protracted religious services were held, during which the faithful & efficient services

out of our bounds & the somewhat scattered condition of the congregation, neither prayer meeting, nor monthly concert of prayer for missions is observed - Sabbath school was organized last summer & has been continued with large attendance & increasing interest - Contributions have been made to the various benevolent objects of the church though the amounts contributed have been smaller than could be desired, but probably as large as the average of our churches make, compared with their ability - The work and conversation of Gods people is believed to have been, in the main, as becometh the gospel of Christ - The attendance upon the stated means of grace has been generally good on the part of the families immediately connected with the congregation & the interest

of the gospel have been steadily enjoyed during the past year - The Rev. S. B. Sanderson preaching to us one third of his time - giving to the minister residing

of Christ - The attendance upon the stated means of grace has been generally good on the part of the families immediately connected with the congregation & the inter-

manifested is encouraging. Past summer protracted religious services were held, during which the faithful & efficient services of Bro. Wimer were enjoyed.

The results were gratifying - six grown young persons, ~~and~~ five of them young men were added to the church.

In review of the past year, we think substantial progress has been made & are encouraged to hope for still larger blessings in the future, for all which we are devoutly thankful to almighty God, from whom all blessings flow.

The following narrative was adopted -

During the last 12 months the gospel has been regularly preached & the ordinances administered by our stated supply Rev. D. D. Sanderson, who devotes to our church one third of his time. The attendance upon the public services has been

fully up to the average for the last few years. The work of the members has been orderly & quiet & a fair degree of interest manifested in the support & prosperity of the church.

The Sabbath School, with the exception of a brief interval during the oppressive heat of the summer, has been regularly maintained, with a reasonable degree of success.

No prayer meeting or monthly concert is observed, for reasons which in a good measure render it impracticable. Contributions are made to all the general objects of the church and though small correspond with the circumstances of the people. In the month of August protracted services were held for eight days, in

which Rev. Mr. G. Patton undertakes
 in the addition of five members

 ceding year's anniversary - making an
 addition during the year.
 We are grateful therefore to the
 able & zealous some progress, &

 is composed largely of children's
 youth which gives promise of a
 precious harvest to be gathered

On motion the following narrative was adopted:
 During the past twelve months, the ministrations of the gospel have been continued on third of the time.
 The congregations have not varied materially from those of recent years;

but they are not so large as they would be, were the gospel duly appreciated by the public at large. Not many, outside of the families connected with the church, come to the sanctuary; and even some of the members are delinquent in this respect.

During the last twelve months, there have been seven additions to the church on profession of faith, - two of them heads of families.

The Sab. School has been continued with a fair degree of interest, considering the circumstances.

No prayer or Monthly Concert is held, owing to the non-residence of the minister, & the scattered condition of the congregation.

Contributions have been regularly taken up for the several objects designa-

which Rev. H. B. Patton undertakes in the addition of fine ministrations, valuable assistance -

of his time, at the rate of \$ per annum.

The following narrative of the state of re-

Presbytery:

The Sepimul of New Hope Church report -
that the ordinances of the gospel have been con-
tinued to them the past year; Rev. D. D. San-
derson giving them one third of his time.

The congregation, the past summer, have been
unusually good, & the attention serious; but we
prefer to say there has been but one accession to the
Church the past 12 months, & no special indi-
cations of interest, either on the part of the un-
converted, or of church members. We have lost

one member by death.

The Sabbath School has been regularly con-
tinued with the exception of a brief interval dur-
ing the hottest part of the summer, with about
the usual degree of interest.

There is no weekly prayer meeting or monthly con-
cert, for reasons heretofore repeatedly assigned.
Contributions have been made to all the objects
recommended by the Genl. Assembly, & are some-
what in advance of previous years; though we
are constrained to believe they are still smaller than
they might & ought to be, in view of God's great
goodness to us.

we pray for the reviving influences of the Holy

frequently absent from the house of God.
There has been no special religious interest
manifest during the past year. The members
of the church have, so far as appears, main-

ained a consistent walk; but there has
not been a single addition to our numbers.
This should be a cause of serious, heart-search-
ing, & prayer to God, on the part of all his people.
Where lies the hindrance to the outpouring of
the divine blessing upon us?

The Sabbath school has been continued, but
with rather decreased interest the last few months.
This, however, may be only apparent, & due to
prejudicial hindrances.

It is not practicable, under existing cir-
cumstances, to hold weekly prayer meetings or
monthly concert of prayer for Missions.

Contributing has been made to all the ob-
jects of general benevolence, at the stated time
